American Home Inspectors Training is the largest home inspection training company in North America. We continue to expand our presence to serve you and with American Home Inspectors Training's industry leading, live classroom, online and home study courses, we are committed to providing you the fastest way to achieve success in the home inspection industry.

MISSION

Our mission is to train and provide ongoing support to individuals interested in starting their own successful home inspection business or becoming a significant contributor in an established home inspection company.

Our best-in-class, comprehensive home inspection training, coupled with our marketing and technical support services, will set you up for success in your new home inspection career.

WHAT A HOME INSPECTOR DOES

The job of a home inspector is to inspect buildings by walking through each area, sometimes crawling into small spaces such as attics, checking rooftops, and cellars, plumbing, electricity, and appliances. Then they write a detailed report outlining the condition of the property, areas where repair or replacement may be needed, and specify any potential safety concerns.

Anyone can train to become a home inspector although typically prospective students are already involved in the real estate or construction fields. The physical ability to navigate through a building is required. In general, this means that the prospective student should have the physical abilities to do so.

ADMISSION REQUIREMENTS

Admission is open any person meeting the below qualifications. No qualified person may be excluded from enrollment on the basis of race, color, religion, gender, gender identity and/or expression, national origin, disability, marital status, sexual orientation, or military status.

KENTUCKY REQUIREMENTS FOR HOME INSPECTORS

In some states licensing is required to inspect work as a home inspector. States are increasingly introducing legislation regarding the home inspection industry. Prospective home inspectors therefore need to contact the proper state agencies regarding requirements in their states. The following are requirements for the state of Kentucky:

- * 64 hours of pre-licensing education
- * 3 UNPAID home inspections
- * Pass the National Home Inspector Exam

MEMBERSHIPS & AFFILIATIONS

Professionalism is important and membership in related organizations is encouraged. These organizations have their own requirements. Some administer exams; others require a certain amount of experience.

Membership is voluntary in any professional organization but membership neither means state certification or licensure, nor does it guarantee employment.

American Home Inspectors Training is affiliated with ASHI®, CREIA, FABI, and InterNACHI® and offers approved pre and continuing education courses.

COURSES

Standards

All of our courses are taught per ASHI®, CREIA and state-specific standards of practice. Our students and graduates receive initial support when in the field. An interactive bulletin board is also available to students to communicate with instructors and other students/ inspectors as well.

Syllabus

See course outline above.

Attendance

Attendance in live classes is taken twice daily, during the morning session and again in the afternoon. Students are asked to sign/initial for each class attended. Attendance information is recorded and retained in the class files.

Students are expected to attend all classes within the time the course is scheduled in order to receive a Completion Certificate. Students may request withdrawal and make up the missed classes during the next scheduled course. Paid tuition will be refunded according to the applicable refund policy.

Leave of Absence/Withdrawal

Students may request a leave of absence for extenuating circumstances. Arrangements may be made to re-enter the next available course or other upcoming classes. Students must complete the live coursework within 12 months. Students must complete the online training within 12 months. If a student stops attending classes and is placed on a leave of absence in lieu of a withdrawal from school, then the school must document the nature of the leave of absence and the date the leave of absence ends. No leave of absence may exceed six (6) months unless otherwise approved in writing. A student who fails to return to school at the end of a leave of absence shall be formally withdrawn from the school and any refund of tuition and fees shall be issued in accordance with the last date of a student's attendance in class or participation in an academic activity.

If students are unable to complete the course during the scheduled session or fail to meet AHIT standards for satisfactory progress or completion, re-enrollment is required. A discounted fee of 50% of the current retail price will be charged.

Grading

Students are graded on a pass/fail system. Those who attend live training must be present for all class time. The expectation is that students will engage fully, ask questions, and where required during field training, complete inspection reports of acceptable quality. Depending on your state's requirements, a completion certificate will be available within 72 hours of completing all requirements.

Students may receive feedback about their skills and knowledge based on in-class participation, fieldwork, and completion of reports.

Should a student receive a grade of less than 75% (except for CT, IL, LA, OH, SD, and TX) he/she will be notified immediately after the test is taken and graded. He/she will be requested to take the exam at another time.

¹ In the event of an extension or re-enrollment, it is the responsibility of the student to verify with a school representative that the course approval is still active.

Probation

There are no probationary periods because the lengths of the courses are short. Students have the choice to withdraw or re-enroll the next time the course is offered if there is no satisfactory progress. Students should consult with the school regarding their class options.

Completion

Students will receive a Completion Certificate upon satisfactory completion of all course requirements including minimum grades, attendance, and any other requirements.
